

May 11, 2021

Dear All,

We are writing today to invite you to nominate yourself for official participation in the Climate Change Conference Sessions of the Subsidiary Bodies, which will take place informally (due to the virtual format) from May 31 to June 17, 2021. These sessions are the technical level negotiations in support of the Framework Convention and Paris Agreement and lead up to COP26 in Glasgow this Fall. Both Subsidiary Body's (for Scientific and Technological Advice, and for Implementation) will post information regarding their agendas [here](#). The duration has been extended from the normal 2 week session to 3 weeks to accommodate the online format and different time zones. You do not need to attend all sessions to nominate yourself or to participate.

Your nomination can be submitted by responding to this email (kleinmanenergy@upenn.edu) by May 14th (this Friday!) at 3PM EST. Only after submitting our nominations will we receive Penn's participant quota. We will confirm your participation as soon as we receive this additional information (by May 28).

Your nomination must include:

First Name
Last Name
Date of Birth
Nationality
Email

1. Reason(s) for wanting to participate
2. Relevant projects and/or expertise
3. Any plans or ideas (if applicable) for reporting back to the Penn community (through blogs, events, teaching, etc.)

These answers can be brief and are used to help us understand the Penn delegation priorities.

Additionally, please note that in this virtual forum, student nominations are welcome. The nomination process and criteria for students is the same (above) as for faculty and researchers.

Please contact us with any questions.

Michael Weisberg (weisberg@phil.upenn.edu) and Cory Colijn (ccolijn@upenn.edu)
