INDIGENOUS
CLIMATE ACTION

"There is nothing on this planet that compares to the destruction going on there. If there were a global prize for unsustainable development, the tar sands would be the clear winner." - Dr. David Schindler, renowned water expert & Professor of Ecology at the University of Alberta

POWER TO THE PEOPLE

If you like The Nature of Things,
you're going to love Power to the People.

Indigenous Worldviews hold that all Life is Sacred.

There is a critical paradigm shift that needs to happen:

Indigenous Peoples have an intimate & reciprocal relationship with Mother Earth which comes with a sacred responsibility to Protect Her.

Support Indigenous Resistance

Stand in Solidarity

**Stop Criminalizing Indigenous
Peoples Protecting Our
Homelands**

- Re-Building Safer Communities
- Community Based Solar
- Food Security
- Returning to the Land
- Supporting Indigenous Frontlines

Healing Justice

Healing Justice is a framework that recognizes the impact of trauma and violence on individuals and communities and names collective processes that can help heal and transform these forces.

In a system and society that actively targets Black, Brown, Asian and Indigenous bodies with violence, oppression and terror, it is critical to build movements that fight for and achieve justice for all people.
